ONE TEAM, ACCOUNTABLE FROM SKETCH TO SNAG.

Interiors & Civil Works is Lodestar's dedicated execution division — built for clients who need design intent and site reality to match.

Because Lodestar already manages properties across Hyderabad and Chennai, our teams arrive knowing the building — its structure, its services and its history. Mobilisation is faster, site surprises are fewer, and a single team stays answerable across every trade: interiors, civil, fabrication and glazing.

We work with corporate occupiers, global capability centres, developers, facility managers and homeowners — on projects ranging from a single office fit-out to full-building renovation and structural works.
